

NEW LOWER RATES

Your career and reputation are based on the advice you give to others. In an advice based profession even the most experienced and capable counsellors run the risk of inadvertent mistakes or dissatisfied clients.

In addition to this, damage to a client's property, an unintentional breach of a statute, or perceived negligence can result in litigation and a costly court process. Crombie Lockwood provides CDANZ members with an exclusive competitively priced insurance scheme which includes cover for Professional Indemnity and Public Liability insurance. Statutory Liability and Employers Liability are also standard extensions under the policy.

Our team of insurance brokers, dedicated to servicing CDANZ, have negotiated on your behalf and secured new lower rates for the October 2014 renewal.
